

**In the Claims:**

Please amend the claims as set forth in Exhibit A attached hereto in which deleted material is crossed out and inserted material underlined. Exhibit B attached hereto is a clean copy of the claims including the amendments set forth in Exhibit A.

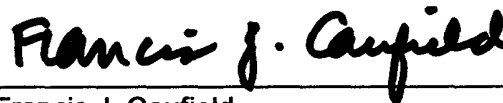

**REMARKS**

The specification has been amended to perfect the priority claim made in the declaration and reflected in the Official Filing Receipt.

The amendments to the claims are being made to correct ideomatic and spelling errors. It is believed that no new subject matter is being introduced by these amendments so their entry should be appropriate.

Should there be any questions regarding any aspect of this preliminary amendment, the Examiner should feel free to contact Applicants' attorney at the telephone number listed below.

Respectfully submitted,
